Year 8 Textiles Technology delivery register

Provisional 20-week planning blocks | Blank actual-delivery fields | Version 1.0.0

Before use: PB01-PB20 are weekly planning blocks derived from the authorised 20-week source sequence. They are not a claim that the course has one period per week. Confirm the timetable and expand the blocks into the school's lesson/period register before delivery.

Planned sequence: blocks 1-10

PB / week	Planned focus	Website destinations	Planned evidence
PB01 Week 1 Site/theory	Welcome to Textiles: everyday products, studio decisions, tools and shared responsibility	M1.1 Textiles in everyday life; M1.2 Studio routines and hazard decisions; M1.3 Tools, materials and shared responsibility	Three embedded activities, three 10-question checks, three capstones and the Module 1 review.
PB02 Week 2 Site/theory	Machine parts, functions, setup and threading boundaries	M2.1 Machine parts and functions; M2.2 Safe setup and threading boundaries	Two section packages plus teacher questioning about functions, hazards and when to stop and ask.
PB03 Week 3 Practical	Stitch control and troubleshooting	M2.3 Stitch control and troubleshooting	One section package; any practical judgement requires teacher observation and the current local controls.
PB04 Week 4 Practical	Pincushion project: brief, plan, technique sample, make and evaluate	M3.1 Brief and success criteria; M3.2 Plan, materials and technique sample; M3.3 Make, evaluate and improve	Three section packages plus a concise plan, sample note and evidence-based evaluation.
PB05 Week 5 Project/folio	Sewing bag: user needs, function, construction sequence and decoration	M4.1 Function and user needs; M4.2 Construction sequence and decoration	Two section packages plus annotated design/sequence evidence; exact dimensions and methods remain Teacher to confirm.
PB06 Week 6 Practical	Sewing bag: quality, evaluation and communication	M4.3 Quality, evaluation and communication	One section package, Module 4 review and a concise quality/evaluation record.
PB07 Week 7 Project/folio	Design inspiration, brief, user/target market and ethical mood-board development	M5.1 Design brief and user; M5.2 Mood boards, colour and texture; M5.3 Ethical digital inspiration; M8.1 Target market and the apparel brief	Four section packages and folio stages for inspiration, source record, brief and user.
PB08 Week 8 Site/theory	Fibres, yarns, fabrics, properties, testing and aesthetic/functional features	M6.1 Fibre origins; M6.2 Yarn and fabric structures; M6.3 Properties, testing and end use; M8.2 Aesthetic and functional features	Four section packages plus a fair-test record and folio evidence for material and feature decisions.
PB09 Week 9 Project/folio	Pattern envelope, size decision, markings, grainline and final apparel plan	M7.1 Envelope, measurements and size choice; M7.2 Pieces, markings and grainline; M8.3 Final design, material, sustainability and sequence	Three section packages plus front/back design and pattern-source/marking records.
PB10 Week 10 Project/folio	Pattern layout, quantity, cost, alterations and pre-production readiness	M7.3 Layout, quantity, cost and alterations	One section package, Module 7/8 reviews and completed pre-cut planning evidence.

Planned sequence: blocks 11-20

PB / week	Planned focus	Website destinations	Planned evidence
PB11 Week 11 Practical	Prepare and cut under teacher direction	M9.1 Prepare and cut under teacher direction	One section package, folio pattern plan and teacher-confirmed readiness checkpoint.
PB12 Week 12 Practical	Begin authorised apparel construction	M9.2 Construct under teacher demonstration	Module 9.2 package as reference; teacher observation and one privacy-safe progress checkpoint.
PB13 Week 13 Practical	Continue authorised construction and check quality	M9.2 Construct under teacher demonstration	Teacher-observed progress; quality evidence and any confirmed change recorded in the folio.
PB14 Week 14 Practical	Construction progression and problem response	M9.2 Construct under teacher demonstration	Teacher-observed progress and a problem/approved-change record or preventive quality check.
PB15 Week 15 Practical	Construction progression and technical refinement	M9.2 Construct under teacher demonstration	Teacher observation, selected checkpoint evidence and updated next action.
PB16 Week 16 Practical	Construction progression and quality checkpoint	M9.2 Construct under teacher demonstration	Teacher-confirmed checkpoint and concise evidence of quality or corrective action.
PB17 Week 17 Practical	Construction progression and completion planning	M9.2 Construct under teacher demonstration	Teacher observation, completion plan and one final progress checkpoint where useful.
PB18 Week 18 Practical	Quality control and progress evidence	M9.3 Quality control and progress evidence	Module 9.3 package, Module 9 review and folio progress evidence.
PB19 Week 19 Project/folio	Test against criteria; draft care label and swing tag	M10.1 Test against criteria; M10.2 Care label and swing tag	Two section packages plus criteria-test record and verified label/tag draft.
PB20 Week 20 Project/folio	Reflection, folio capstone and collaborative showcase	M10.3 Reflection, folio and collaborative showcase	Module 10.3 package, Module 10 review, folio capstone and agreed showcase contribution.

Implementation record: blocks 1-10

PB	Date taught	Initials	Completion / variance	Evidence checked	Adjustments	Follow-up
PB01						
PB02						
PB03						
PB04						
PB05						
PB06						
PB07						
PB08						
PB09						
PB10						

Use one concise entry per planning block. If the actual timetable expands a block across several lessons, add dates/initials and summarise the variance or attach the school's lesson-level register.

Implementation record: blocks 11-20

PB	Date taught	Initials	Completion / variance	Evidence checked	Adjustments	Follow-up
PB11						
PB12						
PB13						
PB14						
PB15						
PB16						
PB17						
PB18						
PB19						
PB20						

Use one concise entry per planning block. If the actual timetable expands a block across several lessons, add dates/initials and summarise the variance or attach the school's lesson-level register.

End-of-course review: sequence changes / evidence gaps / resource changes / actions for next delivery

Review notes: _____
